

OUR DAILY ROUTINE

Dear Bubbles Magazine,

Hi, we are 18 students of the class V.

We come from Italy and we live in Visciano, a small town in province of Naples. We go to school from Monday to Saturday.

We start school at half past eight and we finish lessons at one o' clock.

We study lots of subjects: Maths, Italian, English, P.E., Science, Religion, Music, History, Geography and Art. We have lunch at school, where we usually eat pasta, meat or fish and fruit. In the afternoon we do our homework and at four o'clock we come back home.

(Alessio D. - Salvatore F. - Pasquale S.)

Our school day is very heavy. So, in the afternoon we usually meet our friends. We sometimes go to the sports centre where we can play football or volleyball. In the evening, we always have dinner with our family at about eight o' clock.
